

## 20.HA110 AUTOMATIC TYRE INFLATOR

The handheld Digital Automatic Tyre Inflator is housed in a tough ABS case. Powered by a rechargeable Lithium-Ion battery it will last up to 15 hours (continuous use) on a charge. The inflator has two programmable pre-set buttons to set the common pressures quickly and easily. The OPS (Over Pressure Setting) function makes this inflator ideal for mobile fitting. Simply set and walk away as the inflator over-inflates to seat the tyre bead and deflates to the correct tyre pressure.

### FEATURES

CE EN 12645:2014

- » 1/4" female inlet
- » Large digital backlit display
- » Ergonomic, durable tough ABS case
- » IP 44 rated
- » Range: 174 Psi (12 Bar)
- » Accuracy: complies with BSEN 12645:2014
- » Multi scale: Psi, Bar and kPa
- » Max supply pressure: 182 Psi
- » Inflation volume: 2500 L/Min @ 180 Psi
- » Wire sheathed rubber hose, nylon braided
- » Auto inflate, Auto deflate, Over Pressure Setting
- » two programmable pre-set buttons
- » 2200 Ah, 12V Li-Ion rechargeable battery
- » 500 duty cycles ( up to 15 hours) on a full charge
- » Auto shut down after 90 seconds.
- » Includes 110-240V AC (50-60Hz) charger
- » User manual, calibration certificate included
- » Dimensions (LxWxH): 320 x 110 x 90 mm
- » 1 Year Warranty
